

Yellow warning Thunderstorm

Between
08:00 Wed 22 May 2024 and
19:00 Wed 22 May 2024

Scattered showers and thunderstorms may lead to some disruption.

What to expect

- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- There is a slight chance that power cuts could occur and other services to some homes and businesses could be lost
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services

Further details

While many places will remain dry, scattered showers are expected through Wednesday. Where these develop they are likely to be heavy at times, with a risk of hail and thunder. A few places may see 10-20mm in 1hr and perhaps 30-40mm in 2-3 hours.

What should I do?

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.

 Very low likelihood of medium impacts

Yellow warning
Thunderstorm

Between
08:00 Wed 22 May 2024 and
19:00 Wed 22 May 2024

Further Details (continued)

If you find yourself outside and hear thunder, protect yourself by finding a safe enclosed shelter (such as a car). Do not shelter under or near trees, or other structures which may be struck by lightning. If you are on an elevated area move to lower ground.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
